

EU Declaration of Conformity

Manufacturer:

Duni Group
P O Box 237
SE-201 22, Malmö, Sweden

We hereby declare that the machinery described below complies with the relevant provisions of the following EU directives:

- Machinery Directive 2006/42/EC*
- EMC Directive 2014/30/EU
- Low Voltage Directive (LVD) 2014/35/EU
- RoHS Directive 2011/65/EU

* Directive 2006/42/EC will be repealed through Machinery Regulation (EU) 2023/1230 with effect from January 2027. The DoC will be updated accordingly.

Product:

Duniform Sealing Machine

Model:

DF 20/25

Description:

Duniform DF20 and DF25 are compact, manual tray sealing machines designed for efficient and hygienic food packaging. Ideal for small-scale operations, they offer quick tray sealing with interchangeable cassettes for flexible tray formats. Built from durable stainless steel, both models are user-friendly and perfect for restaurants, cafés, and food retailers seeking reliable entry-level sealing solutions.

Harmonized Standards Applied:

- | | |
